

# Breast Cancer Awareness Month

Rio Rapids Soccer Club is taking part in Breast Cancer Awareness Month by raising money for the American Cancer Society- Breast Cancer Research! We believe that this fundraiser will help instill a sense of social responsibility in our players and club. This fundraiser will empower our players—proving that together, we can find a cure for breast cancer and end this disease that has already claimed millions of lives.

We understand it is a strange time due to COVID, but do not feel our efforts should be halted. We are selling Unisex and Women's Dry Fit Training Tops and Rio Rapids Adjustable, Reusable Facemasks! I hope you take part in supporting this important cause.
